- The project is wonderful; especially your fabulous staff
- Keeping the cafe open will be better to do more FESTIVAL
- Calthorpe is such a charming place to be. Very unique garden. I enjoy being there
- The Calthorpe is a place where everyone is made to feel very welcomed and at home its just a shame that me and the children can only use it one day a week.
- No
- I really love this place and what it means to our community.
- Love the garden and then play workers are definitely a hot with my little one!
- Yoga and dance
- It's perfect

- I love this place! Thank you for all of your hard work.
- Love you guys! Thank you for all your hard work.
- Calthorpe Gardens is great. Love it.
- I am really pleased to have found out about this location.
- Some staff need an injection of energy and enthusiasm which presently I feel Calthorpe is lacking.
- A big THANK YOU
- I LOVE CALTHORPE! X
- I or parent would like have a Zumba class
- I messaged (via facebook) asking a question about a certain plant and no one responded - disappointing

- Open longer hours

- My child loves coming to Calthorpe and it's really good for him. My concern is with the staff. He loves football and going to sessions, but the sessions here lack so much enthusiasm from the coach compared with others I've taken him along to. I feel like there's so much potential in this space at Calthorpe and lovely facilities and it's let down by some staff members who seem not to care. I also know so many young sports people who would love the opportunity to coach children and it's frustrating when someone in the role is so clearly not committed, distracted by their phone during sessions and generally lacking a bond with the children coming along.
- A pleasure to regularly come and help out.
- this is such a lovely welcoming place! perfect
- Asking space in the centre of London
- We love this project
- The Calthorpe Closed-loop Living Lab is a great initiative. It would be a big shame that the Calthorpe Garden Cafe might be shut during the winter months. The Cafe is the heart of the living lab. It would be nice to organise a series of events and provide catering services for local organisations to keep the living lab up and running if the cafe has to shut.
- Thank you - we are so lucky to have this provision in our area!
- I love your gardens
- What fabulous staff!
- Too many students being very loud
